Keith Hartbauer, D. Ed.
Superintendent of Schools

March 4, 2021

Dear Parents and Guardian,

Our county rates have dropped from substantial to moderate the past two weeks and vaccines are now being administered. Therefore, starting on March 15, 2021 we will be welcoming back all students K-12 in our buildings. We will provide in-person instruction Monday, Tuesday, Wednesday, and Thursdays. Friday will be a remote day for the entire district. We will continue practicing social distance protocols to the best of our ability and ask that you continue to self-monitor your child every morning before sending them off to school.

Building administrators will be reaching out to you with more information in the very short future. Thank you for your continued patience throughout these very trying times.

Sincerely,

Dr. Keith Hartbauer

Committed to Excellence
